Visit Us Today!

The Johnstown Catholic Schools offer a complete education for the mind, body and spirit. Our Catholic Schools provide an atmosphere of growth where students can develop academically, emotionally, socially, physically, and spiritually.

Spiritually

Our schools integrate Catholic values and the Catholic faith into the lives of our students. Daily prayer, religious education, Christian service, and participation in the Liturgy establish a firm foundation for our Catholic faith.

Academically

Our schools offer a challenging curriculum that we implement through a variety of teaching and learning methods in order to best meet the individual needs of each learner.

Emotionally

Our schools teach students to accept themselves and others as gifts from God. We encourage our students to develop faith in family, belief in friends, and confidence in the Holy Spirit who together guide them through the challenges they will face throughout their lives.

Socially

Our school communities foster a sense of mutual respect for all children. We promote awareness of responsibility to oneself, community, and church.

Physically

Our schools emphasize the importance of keeping the body healthy and to learn to love and respect the body as a Temple of the Holy Spirit.

Our educational philosophy celebrates our church's commitment to share with families the responsibility for guiding our children's spiritual and educational development. Our Catholic school system creates an environment that is characterized by an atmosphere of love, respect, affirmation, forgiveness, and celebration.
